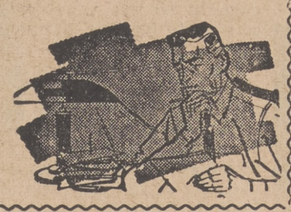
The DIMMER VIEW



by Max Goodwin

The Russians View of China

One of the missing links in the public understanding of the United States' posture in world crisis is the viewpoint of the antagonist. State Department, for whatever its purpose, apparently would rather mislead the public than to publicize the attitude of the opposition.

Perhaps this can be rationalized under the belief that giving the opposing point of view would be the furthering of the propaganda concepts of the enemy. While this may be true, it would fall apart when projected against the backdrop of our courts' concern for criminals — the philosophy of which suggests that the reason a criminal's statement can be used is that what he says may incriminate him.

Clinically, then, we must not talk about our world opposition because it might incriminate those who would destroy us.

Under the belief that Soviet Russia has already incriminated itself a score of times in any period you'd care to choose and that the readers of this column are not so naive that they cannot separate the wheat from the chaff, we are offering the official communique of the Russian position in regard to the sticky situation they face in China.

Because State is seldom honest with the public and because the Russian-Chinese disagreement is coming to a head much faster than the unclassified information from State suggests there are valid reasons to believe that a full scale conflict between these powers is a very real possibility.

Our belief is that the confrontation, unless stopped, is the start of the long-heralded WWIII. Only a return to sanity by one or both of these strong powers can reduce this possibility.

What is the official position of Russia in this matter as reported by the official Soviet press? Here is the exact story filed by Soviet Correspondent Mikhail Moguta, in an article disseminated through the Novosti Press Agency. It picks up considerable meaning in that it was distributed to the nation's press by the Soviet Embassy in Washington.

Read now what Russians read about the confrontation and see if you think there could be a question about war in the Soviet mind:

"The spring ice of the wide Ussuri near the Island of Damansky and the southern part of this Soviet island still show the signs of a bloody provocation of the Chinese adventurists who are trying to defile good relations between the Soviet and Chinese peoples. Here and there yawn craters from exploded 80-mm Chinese mortar shells. Cannonade staged on instructions from Mao, according to frontier guards and local residents, was heard at a great distance from the place of the armed clash between Soviet frontier guards and Chinese provocators.

The details of that engagement were described to by by D. Leonov, Commander of a frontier unit.

The first shot on the Ussuri River which killed our frontier guard was fired on March 2, at 11:20 a.. Vladivostok Time. Taking troops, a mortar battery guns, high-caliber machine guns and other fire arms.

After the fighting we found trenches on the island with mats, weapons, equipment, remains of communication facilities, and many empty flasks that once contained Chinese rice vodka. The Chinese had stretchers prepared to carry the dead and wounded. Their soldiers wore spring camouflage coats. We now have all of this evidence at our disposal. I myself saw it all when flying in a helicopter over the island at the end of the skirmish. Incidentally, a round of tracer bullets from a high-caliber machine gun was fired at our helicopter, but it passed higher up.

Provocations on that sector of the Soviet-Chinese border were carried out rather often by Mao soldiers. In such cases our frontier guards moved to meet the violators of the border in order to quell Chinese provocations and to expell them.

The Soviet servicemen went out as peacemakers but were met with close fire. Only bandits act that way. The first group of seven led by Senior Lieutenant Ivan Strelnikov, head of the frontier post, was shot dead at close quarters.

Initially, Chinese forces outnumbered ours about 20 to 1 stressed D. Leonov. But our fighting men displayed courage, and combat skill; commanders showed their ability to direct combat; sergeants showed their ability to lead men and replace commanders; and soldiers showed bravery and mutual assistance.

Senior Lieutenant Vitaly Bubenin and a group of his frontier guards, who arrived on the scene of provocation engaged in a determined battle with Chinese soldiers. The Soviet officer was gravely wounded and had a concussion. His armored carrier was hit by a shell. He changed to another vehicle — that of the killed Strelnikov. By a flank strike, his soldiers drove the Chinese from Soviet territory.

The Soviet frontier guards are grieved by the loss of their friends and comrades who gave up their lives while defending the sacred borders of their country. And they swore at their graves to be more vigilant, to defend Soviet soil and to protect the border against any further provocations. The feelings of the frontier guards can be seen in a letter from the staff of one of the Far Eastern frontier posts, which says:

" 'The Commanders of the post, its Komsomol Organization and all the personnel ask the Command of the unit to send us to the Post of Nizhne Mikhailovka to replace our dead comrades at the most operational sector of the State frontier. Chief of the Post Konstantin Pleshki. Secretary of the Komsomol Branch Sergeant Nikolai Arkhipov.'

" . . The heroic defenders of the USSR's State frontier were buried at their frontier posts in the town of Iman Hundreds of telegrams, expressing angry protests against the actions of the Chinese adventurists, come here from all parts of the Soviet Union. Girls bring flowers to a frontier hospital where wounded soldiers are lying Letters arrive from the people admiring the heroism and self-control of Soviet frontier guards."

Welfare Unfair To Legitimate Children

The unfairness of the public welfare situation was made in an interesting viewpoint by a columnist in a Missouri newspaper.

The columnist's approach to welfare was brought to our attention by that stalwart of the local automobile business and service clubs, Mr. Lloyd Fish.

Referring to an article that ran in his hometown newspaper, THE CHAFFEE (Mo.) SIGNAL, he reminds that fair treatment for all does not apply equally to the welfare recipient and the taxpayer.

But let's permit columnist Karl von Kessel to retell it. The writer asks the question. How much, Dear Uncle Sam, does it take to raise a youngster?

"You allow taxpaying parents $600 in deductions to clothe, feed, house and train a youngster. In Federal Job Corps you spend $7,000 a year! Now which is the correct figure? Either

PROJECTS DISPLAY THEME OF NEW LIFE — Students in the first grade classes at St. John of the Cross in Lemon Grove were busy in recent days working on drawings with Easter themes. In photo at left, Young Cristal (L) and Kimberly Graham (R) are hard at work in Mrs. Santana's class. In photo at right students (L-R) Mary McCrea, Celia Thornton and Laura Klostermeier show off their work done in the other first grade room of Sister Jean Patrice. Drawings were done in crayons and show the cross, butterflies, flowers, eggs and other symbols of new life recalled as Easter approaches.

Campaign Closes With 1,693 Families Helping 'Home' Help

This is the final list of subscribers who are taking part in the landscaping campaign of the Home of Guiding Hands.

Each person of the 1,693 who took part, will have made a contribution to the home.

The Home of Guiding Hands is a facility for the retarded on Los Coches rd., in Lakeside.

This campaign waged by this publication has brought the plight of the organization to many thousands of residents. Many have visited the home. Many have made contributions to it outside of the subscription campaign.

To all of these we express our own appreciation and the gratitude of those who are responsible for the operation of the Home of Guiding Hands.

It should be noted that the Home is operated by private funds rather than that of the taxpayer.

Here is the final list. There are 62 families in this one.

CASH FOR FAMILY — Dr. Amorita Treganza holds checks amounting to nearly $100 for the Scott Parker family of 3528 Main st., Lemon Grove. The family of eight were burned out of their next door home two weeks ago. The youngsters are all less than seven years old. Mrs. Parker was burned on the hand as she saved two youngsters trapped in a bedroom. Assistant Fire Chief Fred Dixon of the L.G. Department handled the furniture and appliance articles.

Fire Still Pursues Family

The Lemon Grove Fire Department answered three fire calls and made two rescue runs during last week.

On March 25, approximately $50 damage was done to a bedroom of the S.D. Caroll home at 7489 Mt. Vernon st. The Fire Department report stated that the fire, which was reported about 2:21 a.m., was caused by an electrical malfunction. The Caroll family was completely burned out several years ago in a house next door.

On March 26, the department answered a call to 2605 Mercury st., which turned out to be controlled burning. There was no damage.

On March 29, a car belonging to Ray Hiscock, 2513

Monkey Business Causes Concern In Local Bank

The Chamber of Commerce had it's share of knee-slappers Tuesday.

It started when the board of directors learned that its president, Frank Shughrue, who is manager of the 1st National Bank in Lemon Grove, had become the unwilling owner of a monkey.

It happened when a man bought a monkey at a local pet store. He paid by check. The man's wife, seven month's pregnant, reacted unkindly to the monkey business.

Without monkeying around, the hapless husband hopped down to the bank the next day to stop payment on the check.

At the same time, at another window, the pet shop operator was cashing the check he wanted to stop.

At the end of the day, when the bank totes up the income and the outgo, it found that it had already paid a check it agreed to stop payment on. That put the monkey on Shughrue's back. Banks stop payment or pay the check themselves. He took title to the monkey.

Another deal like that and I'll go ape," he told chamber members.

Awards, Rewards On LG CoC Agenda

The Lemon Grove Chamber of Commerce Tuesday worked mostly at plans for the installation dinner scheduled for April 26 at the Lemon Grove VFW Hall. (see story elsewhere)

They said farewell to Harold Neinast, a bakerworker, of 7512 Pacific st., Lemon Grove, who is leaving the community after 20 years. Neinast raised and lowered the flags in the plaza each day during many of those years. Chamber President F. Shughrue presented him a framed certificate and cash.

The board approved the painting of the flagpoles for $68.

Mrs. Rita Wells, Lemon Grove's ambassador to the chamber of Middlesex, England, gave a report on her visit. Ruislip was formerly her home and the local chamber became a "twin" of the one is Ruislip. She carried a plaque to England marking Lemon Grove's 100th anniversary. Ruislip's Chamber sent word that a suitable anniversary gift is being sent. Mrs. Wells brought a newspaper article to the meeting from the RUISLIP GAZETTE which included a picture of the plaque presentation at the Ruislip Chamber meeting.

The L.G. Chamber approved the gift of a $25 Savings Bond to the winner of the upcoming Miss Lemon Grove contest sponsored by the Lemon Grove Rotary club and scheduled for April 12.

Board member Robert Russell announced plans for his marriage scheduled for today.

Burn Deadline Back To July 1

The Board of Directors of the Lemon Grove Fire Protection District of San Diego County (Fire Department) this week rescinded an action taken late last month by Lemon Grove's Fire Marshal Ray Carmody.

Carmody had announced that no burning of any type would be permitted within the Lemon Grove Fire District's boundaries after April 15 in keeping with rules of the Air Pollution Control District of San Diego County.

The Board advised the Department this week that the effective date would be extended to July 1.

Open fires and incinerator burning may be continued until June 30, said V. J. Dorman, L. G. Fire Department Counsel.

No burning may be done, however, when:

1. The inversion base at 4 p.m. is lower than 1,500 feet, and
2. the maximum mixing height is not above 3,500 feet, and
3. the average surface wind speed between 6 a.m. and 12 noon is not in excess of five miles an hour.

In effect, the rules are the same as they were prior to the marshal's announcement.

Dr. Billy Graham Plans 'Quiet' Peace Search In Vietnam Before Easter

MELBOURNE, AUSTRALIA (March 23) — Evangelist Billy Graham closed his Victoria Crusade before 85,000 people here Sunday afternoon in the Melbourne Cricket Ground and then flew off to Southeast Asia to search for a formula for peace.

Dr. Graham revealed at a press conference just prior to his final Crusade meeting that he was leaving Melbourne to attend conferences in Southeast Asia to help find a peace formula. "I hope to arrive back in the United States before Easter," he said, "I will give my findings and some of the observations and experiences we've had to President Nixon if he wants them." Reporters asked if he would give more details about his peace mission but Dr. Graham said he could not at this time.

The American Evangelist who has been a personal friend of President Richard Nixon for more than 20 years did say that he thought we must have peace in Vietnam. "I'm not only going to say I'm for peace but I'm going to try to do something," he said. "But in my particular area it must be done in rather a quiet way." Dr. Graham called his trip "my small contribution in trying to find the formula for peace."

Some 333,250 people attended the 10 services here in Victoria's capital city with nearly 12,000 of them accepting the evangelist's appeal to commit their lives to Jesus Christ. "We've had the highest percentage of people under 25 years old responding to receive Christ of any city I've ever been to anywhere in the world," he said in answering a reporter's question on the success of the Crusade.

He said that the crowds had been a teen-age audience as upwards to 94% of those accepting Christ were young people at a Youth Night service. Dr. Graham explained that normally it was about 60-70% young people.

Only one incident with demonstrators and hecklers who tried to break up three previous Crusade meetings occurred today. As Dr. Graham got up to welcome the huge audience, two university students leaped over the three-foot high steel fence surrounding the area and dashed onto the pitch. As they ran they unfolded a 20-foot long banner. But police and ushers quickly moved in and apprehended the demonstrators, wrapping up the sign before it could be completely unfolded.

The sign was not readable, but it was thought to do with Vietnam. Only a small part of the audience saw the incident as police marched the students away.

After a 40-minute message on God's forgiveness more than 3,000 people came onto the playing field as inquirers into the Christian faith. They came steadily from the circular stadium during 10 minutes of silence. No music was played at the end of the service.

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

EASTER FOCAL POINT — Christians here and around the world will file into churches this week to celebrate Maundy Thursday, Good Friday and Easter Sunday.

Sunrise Services Planned At L.G.'s Newest Church

What was a productive avocado grove will soon become the home of the Christian Church of Lemon Grove.

On Easter morning at 6 o'clock the first worship service ever to be held on the spot — 6970 San Miguel ave— will be held. The contractor assures church members that if the good weather holds the slab floor will be poured and can be used for this service.

According to the minister, Dr. John T. Chase, the service will be brief and inspirational. There will be congregational singing; William Sites, the choir director will present a solo, and Dr. Chase will speak briefly on the theme "Good Morning."

The Lord's Supper, the Communion Service, will be available to all who want to remember the Risen Christ in this way.

Residents of the community are invited to attend the initial service.

Presently members are meeting in the Seventh Day Adventist building in La Mesa.

Bible School at 9:30 and the Worship Service at 10:45 will continue to be held at that location and not at the "future home" site.

At the Sunrise Service there will be very limited seating available. Those attending may bring folding chairs if they

The crowd in today's meeting came from all parts of Australia by chartered planes, 300 buses, trains, trams and private autos. The closing meeting, as well as three other services, was color video taped for telecast in North America beginning the last week in May. Some 225 million people will be able to watch the Victoria Crusade by color television.

Dr. Graham's next Crusade is scheduled for New York City's new Madison Square Garden, June 13-22.
desire to sit. But the service will be brief enough that normally standing will be no problem.

Catholic Church Seeks Parishioners' Views On Parochial Education

Opinion survey questionnaires, mailed to 5,000 Catholic families throughout the San Diego Diocese are beginning to be returned to the Diocesan offices, according to the Very Rev. John A. Dickie, Superintendent of Catholic Schools.

The questionnaire attempts to poll parishioners on their beliefs and attitudes toward Catholic education.

Urging the importance of returning the completed questionnaire, the Most Rev. Francis J. Furey, Bishop of San Diego, reminded parishioners. "The results will be given serious consideration in developing our school programs in the years ahead."

"There will be no way of identifying the individual completing and returning the questionnaire," Father Dickie added.

Music from the 100-bell Ona May Lowe Carillon in Balboa Park will celebrate the Easter holiday Sunday at 1 p.m. as carillonneur Paul Peery presents his annual Easter recital. The program is sponsored by the City Recreation Department.

Sacred themes will prevail in the program, which opens with Lyra Davidica's "Jesus Christ Is Risen Today" and concludes with the familiar "Ava Maria" by Gounod. Selections will include "The Old Rugged Cross," "Adoro Te Devote" and the Negro spiritual, "Were You There?" Other composers represented on the program will be Sullivan, Peery, Luther, Faure, Horsley, Lambillotte and Bennard.

Best audition point for the recital is the Balboa Park Organ Pavilion or the grass slopes east of Sixth ave., according to Peery.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

Are there five senses in Spanish? If so, would you name the verbs that identify the senses and give some examples of how they are used.

There are five senses in Spanish, just like there are five senses in English. They are "oir, ver, saborear, tocar, oler" (to hear, to see, to taste, to touch, and to smell).

Each of these verbs may be used with the expressione "Me gusta" (I like). Thus, we may say "Me gusta oir la musica," for "I like to hear the music." or "Me gusta ver del mar." for "I like to see the sea."

Two of these verbs are irregular in their conjugations. For example, "oir" is converted to the first person "oigo," (I hear). You may notice the addition of the letter "g" in the construction of the first person. "Oler" is converted to the first person by adding the letter "h" as a prefix, thus "huelo" (I smell). Here the "o" in "oler" is converted to "ue.'

The other three verbs are regular. The first person forms are "veo" for "I see," "saboreo" for "I taste," and "toco" for "I touch."

See if you can make other phrases from these verb forms. Some test examples are found in the phrases listed below. You can practice saying them with the recorded voice when you dial 276-2762 on your telephone.

IMPORTANT PHRASES:

Say "Que oye usted?" (keh OH-yeh oo-STEHD) for "What do you hear?"
Say "Yo oigo la musica." (yoh OH-ee-GOH lah MOO-see-kah) for "I hear the music."

USEFUL PHRASES

Say "Que toca usted?" (keh TOH-kah oo-STEHD) for "What are you touching?"
Say "Yo toco el vaso." (yoh TOH-koh ehl VAH-soh) for "I am touching the glass."

OTHER PHRASES

Say "A que huele?" (ah keh oo-EH-leh) for "What does it smell like?"
Say "Huele a perfume." (oo-EH-leh ah pehr-FOO-meh) for "It smells of perfume."

Real Estate Sales Slump

Real Estate sales in Lemon Grove and Spring Valley were down during February, according to the Title Insurance and Trust Co., who publishes its finding monthly in a newsletter named "Trends."

A total of 253 sales were recorded against 267 the year before and 314 the month before.

San Diego real estate stubbed its toe in the month of February, with many factors of activity recording declines for the same month of 1968, Trend reported. Certainly the weather was a factor in holding up decisions which might otherwise have been made. Moreover, there was no apparent reason to believe that the pause would continue; it continued.

The number of real estate transactions during February was off 1.7% from the same month last year and down 13.8% from the January pace.

The volume of new building in San Diego continues to soar, with the value of residential construction in February up a whopping 21.8% and that of commercial building up an even greater 93.2%.

Fourteen Mt. Miguel Singers Due Back From Honolulu Friday

Fourteen singers of the Girls' Ensemble at Mt. Miguel High School will return home this week from a week's performance in Hawaii.

They left Friday on the first leg of a command performance before the western division of National Music Educators' Conference.

For some, the trip had the elements of a fantastic dream; for others, the hard facts of money-raising activities to pay for the trip have made it a challenge.

Both groups reside at the sparkling new Ilikai hotel in Honolulu.

For concert appearances the girls wore smart-looking red crepe dresses with white collars which they selected as their official dress for the current school year. Other than their convention appearances, the girls sang for various church services, Rotary Clubs and youth groups, and the California Music Educators' Association state banquet.

"We chose selections rang ing from some of Brahms' love songs to 'Georgy Girl'," said Robert Boucher, ensemble director, who with his wife accompanied the group to the Islands.

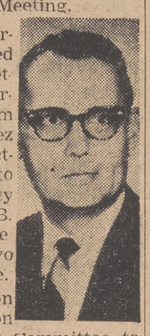
The girls set one day aside for sightseeing, and will return to the Mainland Friday.

Members of the ensemble are Joy Kemp, Jan Isley, Donna Arthur, Wendy Panter, Petra Hill. Also Genie Edwards, Cindi Lillard, Lynne Utterback, Darlene Keih, and Shirley Hamilton.

Other groups from California appearing at the convention was a percussion ensemble for El Capitan high school; a wind ensemble from Hilltop high school in Bakersfield; a brass ensemble from Cal. State at Fullerton, a Stage Band from Sacramento high school, and the Beverly Hills High School Madrigals.

Attorney To Head Community Services

A local attorney, David H Thompson, was elected President of United Community Services of San Diego County (UCS) at the local organization's Annual Meeting.



Nearly 400 persons attended the dinner meeting in the International Room of the El Cortez Hotel and elected Thompson to succeed County Clerk Robert B. James, who retired after two years in office.

The formation of a Blue Ribbon Citizen's Study Committee to conduct a long range survey of community health and social service needs was announced at the meeting by retiring president James.

James F. Mulvaney, executive vice president of the U. S. National Bank, was named to head the committee.

The study, which is expected to take some 18 months, will examine the existing voluntary agencies serving San Diego County. Present service needs will be evaluated against future growth in the County. It is expected that the findings of the study will point to existing gaps in service.

A special award was presented at the meeting to a Lemon Grove man — KOGO-TV Program Director, Burke Ormsby—for his contribution to the United Crusade as the writer and producer of two campaign films donated by that station.

Junior Livestock Show Premium Books Ready

Premium books for entries in the Junior Livestock Show at the Eastern San Diego County Fair, May 28-June 1, are on their way today to members of fourteen 4-H Clubs and one Future Farmers of America Club in the Eastern San Diego County.

Last year, the five day Livestock Show attracted 1,500 entries from 450 junior exhibitors in its swine, dairy cattle, beef cattle, dairy goats, sheep, rabbit and chicken divisions. "This year, we expect at least that many, if not more," said Mrs. Lola Murray, 10750 Oak Creek dr., Lakeside show agriculture secretary.

The Junior Show features both market and breeding animals, with the market animals being judged under the Danish point system of judging, according to Earl Lewellen, Fair president.

Under the Danish system, the judge may award any number of first place ribbons in a given class.

Margaret Weld Is L.G. Hi's Top Speller

Margaret Weld, student in the 8-6 class at Lemon Grove Junior High, won first place in the school's eighth grade spelling contest on Friday, and will represent the school at the San Diego County "spelling bee" Tuesday.

The "bee" involves eighth graders from schools throughout the state who will be competing at various county office centers next week. The county winners will go to Sacramento later in the month where a state "bee" will be held.

Words to be used in the contest are to be taken from lists in the two State-adopted spellers. The contest is being sponsored by the State Department of Education.

Second place winner from Lemon Grove Junior High is Debbie Jones of the 8-4 class. Other finalists included Nels Suderberg, 8-1; Mary Reagan, 8-2; Joyce Dunn, 8-3; and Susan Foster, 8 5.

Winner Margaret Weld is an "A" student, is on the yearbook staff, belongs to the school marching band, and is a student audio-visual equipment operator. She is the daughter of Mr. and Mrs. John L. Weld, 7086 Central ave., Lemon Grove.

Speer May Head 3 Departments

SAN DIEGO (CNA) — The concept of a county public works agency to coordinate the work and policies of three county departments was approved on Tuesday by the board of supervisors.

Chief Administrative Officer Fred Morey said he will recommend that County Engineer David K. Speer be appointed to the new position to administrate the departments of county engineer, special district services and public works.

The resignation of Public Works Director Cy Weiler was accepted on Tuesday also and Weiler's assistant; Gerald Wilson, was made the acting head of that department.

Weiler said that his move was not being made because of the reorganization but because of his desire to enter private business.

The remaining department head is Warren Barney of special district services.

He and Speer recently had a head on clash on the question of whether sanitation districts operated by the county should require curbline cleanouts of sewer laterals. Speer won the decision of the board of supervisors.

Morey said in his letter to the board, "I am convinced that present organizational constraints have resulted in a lack of common direction, unnecessary problems of coordination, a limited degree of duplication, and a noticeable amount of inflexibility."

S.D. Zoo Adds 3 Rare Tigers To Collection

A trio of rare Siberian tigers transferred their headquarters from Germany to San Diego last week.

Considered a major addition to the zoo's ever-growing wild animal collection—the world's largest — the purchase of the young cats was made possible by a $12,000 donation from Foodmaker, Inc.

Zoologists estimate that only about 150 Siberian tigers remain in the world, and about 160 are exhibited in 50 zoos around the world.

The first purebred Siberians the San Diego Zoo has exhibited, the three juveniles named Kumarsk, Sinta and Seja, are exhibited in Cat Canyon adjacent to four Bengal tigers. There are also two baby Bengal tigers in the Children's Zoo.

Sweetwater Ranch Gets Zone Approval

SAN DIEGO (CNA) — Zoning for the proposed development of the 1,000-acre Sweetwater Springs Ranch as a planned community was approved on Tuesday by the County Board of Supervisors.

The hearing went quickly as there were no protests to the proposal of the Sweetwater Springs Company, Inc., represented by Arnold Dahl and Bob Rundell.

The zoning increases in density of population allowed from the subdivisions of Sweetwater Highlands and Helix Vista to Sweetwater Springs blvd. There is residential zoning adjacent to these developed areas with apartment and commercial zones nearer the boulevard.

Austin drive generally marks the southern portion of the new zone although the C zone goes southerly of the drive.

The strip of land adjacent to the two subdivisions will be R-1, the county's 10,000 square foot lot zone while the remainder of the single family zoning will be R-1-B which allows 7,500 square foot lots.

Deadline Nears For Tax Relief; Property Taxes

PASADENA — Eligible homeowners were reminded of the April 15 deadline for filing applications for property tax relief.

Richard Nevins, Southern California Member of the State Board of Equalization said, "The Property Tax Relief Law does not provide for extensions beyond the April 15 date. Applications are to be filed simultaneously for the 1968 tax refund of $70 and the 1969 assessed value exemption of $750 with the county assessor's office in which the eligible property is located.

"Under the law, the responsibility for initiating the claims for refund and exemption rests with the property owner," Nevins said.

"To qualify, housing shall be the principal residence of the claimant on March 1, 1968 and be a home or duplex (not a triplex or larger); condominium; houseboat; mobile home carried on the assessor's roll and not licensed by the Department of Motor Vehicles (If the mobile home is located on land owned by the claimant, the land qualifies for the exemption.): dwelling being occupied and purchased under a contract of sale. Those persons who receive assistance solely under the Senior Citizens Property Tax Assistance Law are eligible for property tax relief benefits.

April 15 is also the last day to pay property taxes without penalty.

District Dissolution Delayed One Month

SAN DIEGO (CNA) — A public hearing on the dissolution of the La Presa County Water District was postponed until May 6 on Tuesday by the Local Agency Formation Commission.

The hearing had been set for this week, but the legal advertising had not been completed.

Under the proposal, the Otay Municipal Water District will be the successor to La Presa for water service.

Runaway Car Injures None

A Dodge station wagon rolled away from the Jim Pearson's house, high on Helix st. in Spring Valley, Friday night and careened a thousand yards down the steep hill toward Sweetwater rd.

Pearson, an architect who lives at 2222 Helix st., said that he had set the brakes after parking the car, and couldn't explain how the car got away.

Tracks of the auto indicated that it narrowly missed Pearson's camper, a tree at the downhill side of his lot, and apparently gained momentum as it careened toward a subdivision on Bigford st. It ran through an unoccupied barn before coming to rest against a tree between two isolated houses east of the subdivision. No one was injured.

Pearson said he had bought the car to use while having the family auto overhauled. He said he had no insurance on the wrecked car. "I was lucky," he said.

Public School Finance Aid Passes Senate

SACRAMENTO — A measure by Senator Clair W. Burgener (R-San Diego) affecting financing of public schools has successfully cleared the State Senate and is now being considered by the Assembly for approval.

The bill to prohibit the state from reducing school support for those districts which receive federal impact area funds also won Senate approval.

The federal impact schools bill, Burgener said, had been introduced last year but failed to clear the Senate then, because state fiscal experts indicated the Federal Government had given states one year to discontinue the practice of deducting a portion of state aid to districts which receive federal funds because of a large number of their students coming from military or federally employed families.

Burgener said California has refused to halt the deductions and his proposal would make it mandatory that the state discontinue the practice.

Mail Bag

Dear Editor:

The Unruh Bill, effective in July 1971, gives local school boards the right to determine the amount of money needed to run each school district. In effect, it gives the school board the right to raise property taxes and will no longer allow the voter to decide on tax override elections.

The year 1971 will be within the scope of the present elected board members. It seems, therefore, of utmost importance to scrutinize carefully the aims of potential school board members in order to elect men who are interested in education without grandiose ideas of spending.

Sincerely,

There's reason to feel secure when your well-saved money is steadily earning 5% interest in the plan that suits you best. At Bank of America you can choose from several basic savings plans, any one of which may be just right for you. Take a look at these:

5% Investors Passbook Account
$500 will get this one started, and additional deposits can be made in amounts of $100 or more. Your 5% interest is compounded quarterly. You can make a withdrawal quarterly, too. Or leave your funds where they are to accumulate.

5% Time Certificate of Deposit
Bank of America Time Certificates also earn 5% annual interest. These certificates are issued for $1000 or more. They mature every 6 months. The 5% interest can be credited automatically to your savings account. Then your total annual rate of return can exceed 5%.

5% Five Year Guaranteed Certificate of Deposit
This is the long term interest guarantee plan. Certificates are issued for a minimum of $1000. Five year guaranteed interest at 5% per year paid or credited quarterly. You may withdraw the full amount at the end of any quarter without loss of interest to that date.

Regular 4% Savings Account
This is still the favorite plan of many because it's convenient, flexible, and at 4% it delivers the maximum interest allowed by law for this type of savings plan. You are free to put money in—any amount. And take it out—all or any part of it—at any time. Deposits made by the tenth of each quarter earn interest from the first of that month.

These are just four of our Personal Choice Savings plans to help your money grow with absolute certainty, and with full interest all the way. So why don't you stop by your local Bank of America branch and take your choice.

THE DIMMER VIEW (Cont.)

we're allowing you too much or you're not allowing us enough.

"You allow tax-paying parents $600 deduction for the care and feeding each child. Yet, under the Cuban refugee program you assume minimum upkeep requires $1,200 a year and if the Cuban boy or girl is attending school an extra $1,000 a year.

"How come you short change the home folks, Uncle? in the austere environs of a federal prison you have discovered that it costs to maintain one person, with no frills, no luxuries and no borrowing Dad's car—$2,300 per year. By what rule of thumb do you estimate that Mom and Dad can do it for one-fourth that amount?

"Under Social Security, you will pay $158 a month to maintain the elderly. What makes you think we can maintain our youngsters for $59 a month? And Uncle, your Vista (Volunteers in Service to America) spent $3.1 million last year to train only 202 trainees.

"That indicates that the cost of maintaining and training one youth for one year is more than $15,000. Then how come we as taxpayers get an exemption of $600 to maintain and train one youth for a year?

"Or, let's see how much you spent upkeeping one youngster in military uniform. House, $55 a month. Food $30.27 a month. Clothing upkeep, $4.20 a month. That comes to $1,074.04 a year. How in the world do you expect parents to provide all these things, plus clothes, recreation books, medicine, for $600 a year? With your figures, Uncle, you admit it can't be done.

"Is it possible, Uncle Sam, that you expect us parents to manage more efficiently than you do? With all our expenses, we American individuals have more than enough in savings to offset our debts. You don't.

"With all our prosperity, you, Uncle, are still spending per year $2.9 billion more for relief than during the depths of depression. So it just may be that you are uncommonly extravagant.

"Regardless of how we try to rationalize and explain you and excuse you, it is still a hurtful affront when you allow us working, dues-paying home folks only $600 a year to rear a legitimate child — while you, under ADC, will pay more than $800 a year to upkeep an illegitimate one."

Von Kessel's pixie sense of humor is further indicated by a separate squib in the same column. He says that a want-ad appeared in a weekly newspaper recently:

"Dear Joe R---:

Get in touch with me immediately. Bring three rings: engagement, wedding, teething. Have important news.

Sally."

Stull Backs Cut In Income Tax

SACRAMENTO — Assemblyman John Stull (R-Leucadia) said he is co-sponsoring Governor Ronald Reagan's proposal to reduce the state's personal income tax.

The measure was introduced into the Legislature by Senator George Deukmejian (R-Long Beach).

Stull said the plan will give taxpayers some relief while at the same time maintain the fiscal responsibility necessary to provide the needed services in California.

Under the proposal, taxpayers would deduct 10 per cent of their state income tax and send the balance to the state with their tax return.

The plan would go into effect in the Spring of 1970 if approved by the Legislature.

Crestline, Lemon Grove, burned at 2717 Imperial ave. Damage was estimated at approximately $25, due to a short circuit.

Fire Department rescue workers answered a call on March 28 to 7404 Daytona ave. The possible "patient", Kenneth Hanson, 41, had recovered by the time the rescuers arrived, so he remained at home.

Two Named To Youth State At Sacramento

Susan Lopez, of 1621 Larwood rd. and Don Carlson, of 2110 Dayton dr., both of Lemon Grove, have been selected to represent Mt. Miguel High School at Girls' and Boys' State in Sacramento this summer.

The 8-day programs are sponsored by the American Legion and Auxiliary in order to promote further understanding, knowledge, and interest in government and politics among high school students. This goal is reached through practical experience. Under the guidance of well-trained counselors, girls and boys create their own state government, beginning on the city level, and working up through county and state affairs. The models are strictly structured according to the government of the state of California.

Susan and Don, both juniors, as are all representatives, were chosen through personal interviews and the recommendations of faculty and administrative heads.

Don will spend June 21-June 28 at the Sacramento fair grounds, along with 800 other boys from throughout the state. He is being sponsored by La Mesa Post 282.

The auxiliary of the same post will send Sue to the University of Calif. at Davis, June 23-July 1. The campus will host 500 California girls.

purchase of mountain gear and will offset costs of Spring and Summer expeditions.

The continuous breakfast will begin at 8 a.m. and will end at 1 p.m. There will also be exhibits of mountaineering equipment and color slides from Post trips in to the high country.

The Post, one of the most adventuresome in the San Diego Boy Scout Council, now includes 45 members ranking in age from 14 through the early twenties. So popular is its program that recruits are drawn from as far away as Pt. Loma, El Cajon and Chula Vista. Post headquarters is situated in the Scout House adjacent to the Fletcher Hills Elementary School.

To spectators at the annual Councilwide Scout Fair, the Mountaineers are best known as builders of the showstopping "mountain." This 24 foot high wooden peak, permits roped climbers to demonstrate their talents on its flat face.

Post members make their own camping equipment which is subjected to tough demands during an annual schedule of some dozen trips into the mountains.

Recruits attend a rigorous climbing school, usually beginning at Stonewall peak at Cuyamaca State Park during the Spring. There follow toughening overnight treks to San Jacinto and San Gorgonio Peaks in late Spring, then in summer a series of long weekends and finally a full week spent on the Sierra peaks.

Two Here Win Awards For Aid to Education

Mrs. Dorothy Nottingham and Harry Buckner, both of Lemon Grove, won Lamps of Learning trophies last week at the seventh annual Laurels Banquet sponsored by an association of teachers and PTA groups.

Buckner and Mrs. Nottingham were among eight persons to receive laurels at a banquet at Carlton Oaks Country Club with more than 200 persons in attendance.

The awards were presented by John Winterhouse and Mrs. Lillian Collette, co-chairmen of the event. Winterhouse is a teacher at the Lemon Grove Junior high school. Mrs. Collette is past president of the Ninth District CCPT.

Mrs. Nottingham was cited for her PTA work for the past 18 years. She worked actively on bond elections, tax overrides and community drives.

She served as elementary PTA executive board officer and chairman and was president of the junior high school unit.

She is currently president of the Foothills Secondary Council PTA, which mothers seventeen units of secondary education, and also has served on 9th District committees.

She is instrumental in maintaining the backyard swim program since it started in 1957 for the county, and is a member of the board of directors of the Red Cross (Helix branch.)

Warren Buckner was cited for many school activities. He has been an active member of the PTA from elementary through high schools in the Lemon Grove area. In the twelve years he has been on the school board, he has held every office. He also has been a member of the Grossmont unification Study Committee and the Junior College site committee. He has served 2 years as vice president of the County School Board Association, and as delegate from Region 17 to the CSBA Assembly. He conducts "on the job" training talks to both junior and high school students for which he was commended by the young people of Palm Junior High by being the object of their 1962 yearbook dedication.

In addition to all this, Buckner and wife have raised four sons.

Other local people who were nominated included Palmer Svalstad, of Lemon Grove; Mrs. Paul Brose, Mr. and Mrs. John Carovano, Glenn Sturdevant, and Dr. Thomas Webster, all of Spring Valley.

The Lamp of Learning award is made to lay persons who have made outstanding contributions to the improvement and progress of education.

At the banquet Thursday, Don Howard, of radio fame, was master of ceremonies.

Bill Stubbs, a Mt. Miguel student, presented an outstanding program of stage characterizations.

Press-Police to Join Traffic Safety Drive

A double-barreled campaign to cut down traffic speeding and related collisions will be undertaken by the San Diego Police Department and the San Diego County Safety Council starting this week.

At the invitation of Police Chief O. J. Roed, the Safety Council will warn drivers of the dangers of speeding Patrick J. Doogan. Safety Council president said. The Council will ask all mass media for help in efforts "to get the word out" while police, on the other hand, will employ radar to detect violators.

Doogan said Chief Roed informed him the campaign will be an extension of the Department's selective enforcement program in which special efforts are made against specific categories of collision causes.

"Highly successful 'Drinking Driver Enforcement Squads'," Doogan said "helped reduce the number of collisions caused by drunk drivers by 13 per cent between 1967 and 1968." "Drunk driving also dropped to sixth position from the previous year's fourth as a primary collision cause," Doogan said.

He added that Roed plans to assign five traffic officers to use newly purchased radar units in areas of the City which have the greatest number of collisions. Shift assignments will be flexible but since about 65 per cent of all collisions happen between 11 a.m. and 7 p.m., efforts will be concentrated on those times. It will also be concentrated on Fridays, Saturdays and Sundays and on main aterials where 70 per cent of San Diego's collisions occur.

Doogan said that speed is a consistently high collision cause, usually ranking first.

To illustrate the built-in danger of speed, Doogan reminded drivers that it takes 180 feet of road space to stop a car moving at 50 miles per hour, while it takes only 67 feet to stop a car moving at 25 miles per hour.

'Quixote' To Be Festooned With Arty Costumes

More than 130 picturesque costumes for The San Diego Opera's April 24 and 26 production of Jules Massenet's "Don Quixote" have been designed by Old Globe Art Director, Peggy Kellner.

Working closely with The San Diego Opera's Associate Artistic Director, William Adams, Miss Kellner has designed costumes which complement Glenn Holse's romantic Spanish-flavor sets for this operatic tribute to San Diego's 200th Anniversary.

Miss Kellner's previous San Diego Opera credits include sets and costumes for "Salome", "La Boheme" sets and the colorful costumes for the American premiere of "The Young Lord."

A native of Tucson, Miss Kellner attended the University of Arizona and earned a masters degree in theatre arts with emphasis on costuming.

University of Tennessee is at Knoxville.

Easter Services Slated Atop Mt. Helix at 5:50

The 52nd Annual Mt. Helix Easter Sunrise Service will be held Sunday. Several thousand worshipers from all San Diego County are expected to attend this impressive ceremony. La Mesa Rotary Club is responsible for the planning and presentation of this annual event. Since 1954, the club has performed this function under official designation granted by the San Diego Board of Supervisors.

President H. P. Streit, Jr., and committee chairman, Clarence Watters, and his comittee, are in charge of arrangements for this year's service.

The Easter service is scheduled to begin at sunrise, which occurs at 5:31 a.m. Parking will be under the supervision of the California Highway Patrol, and the San Diego County Sheriff's Reserve.

NBC-TV News Sets Religious Series

An item of interest (quoted from Vista La Mesa Christian Church bulletin of March 24, 1969):

"A plan to help build the will of citizens to reverse the trend of a widening gap between the rich and the poor of the world has been announced in the creation of four special NBC News programs on the weekly "Frontiers of Faith" series, starting Easter Sunday. April 6 (1:30 p.m. Eastern time). The announcement comes from the Rev. D. W. McClurken, Director of Broadway Operations, National Council of Churches. Titled 'The Challenge of a Closer Moon' the four half-hours will tackle the deprivations, hungers and pressures of poverty that can effect changes to benefit society, if men will.

Van To Help Renters

WASHINGTON — Rep. Lionel Van Deerlin, D-San Diego, is considering the introduction of original legislation to give persons who rent their homes a measure of tax relief.

As presently drafted, the bill would grant renters a $600 exemption, similar to the personal exemptions now claimed by taxpayers for their dependents and themselves.

To minimize revenue losses. Van Deerlin's proposal would apply only to married couples and othes who qualify as heads of household and have at least one dependent.

The rental exemptions would be limited to one per household, and would not be available to persons living alone or taking deductions for other residential real estate holdings.
